

THE ESTATE PLANNING COUNCIL OF HAMPDEN COUNTY, INC.

LUNCHEON MEETING

Date: Tuesday, March 13, 2018
Time: 11:45 a.m. to 1:00 p.m.
Place: Colony Club
Speaker: Adam Metsch, *The College Advisor of New England*
Topic: College Planning and Strategies

About the Speaker:

Adam Metsch is the founder and President of The College Advisor of New England, Inc. with offices in Massachusetts and NY. Since 1994 they have helped thousands of families through the college selection, admissions, financial, and decision-making process.

He is a Certified Educational Planner, which is the highest credential in the field of educational consulting, and he is a past Board member of the Independent Education Consultants Association, an international association comprising the top professionals in the field. To date, he and his team have personally visited over 500 college campuses nationwide. Their approach is to help students discover and understand what they want from their college experience - to develop their voice, broaden their perspective, and find the right schools where they can succeed, and that their parents can support.

In addition to strengthening students options, they identify cost saving strategies and merit scholarships. They address issues students and parents may not see objectively and offer solutions families may not have considered. This takes much of the anxiety out of the process and helps the college search become more of an adventure and less of a burden; all the while, saving families thousands of dollars in the process. His team has helped their clients become admitted to schools across all levels of selectivity at a 21% higher rate than the national average for those schools. Their students stay enrolled and graduate on time, in four years at a rate of 91 %, compared to the national average of just 50%. Their clients receiving financial aid and scholarships average a 46% reduction in college costs

Name badges will be distributed at this meeting to paid members. Please return them when you leave.
